

RFP #01-25-10008 / Economic Impact Study: Port of Bremerton Facilities

Questions/Answers List 6/24/25

1. Please confirm that list of tenants and contact information will be provided to facilitate three surveys: marina tenants (mooring customers and liveaboard tenants), general aviation tenants, and industrial park tenants.

Answer: All lists of tenants and contact information will be provided and separated as such.

2. Please confirm that economic data will be provided for the following, or if these activities will also be captured through surveys or another method such as interviews:

- a. Marina: guest moorage and recreational charters
- b. Airport: airport diner, air freight, medical airlift and Port of Bremerton Operations

Answer: Economic data will be captured through surveys and through information provided by the Port of Bremerton.

3. Will all surveys be conducted online? If not, which ones will require another approach such as direct mail?

Answer: All surveys will be conducted online with the assistance by the Port of Bremerton.

4. Are you looking for online or physical survey for both Marina and Airport tenants? If its online, will Bremerton assist in rolling out these surveys to the tenants?

Answer: Online surveys will be conducted and the Port will assist in the rolling out theses surveys.

5. Do you want us to do the comparison of the results with the previous analysis of 2015?

Answer: A comparison to the survey previously completed will not be required.

6. Do you need assistance with the report Design as well or that will be taken care by the inhouse design team.

Answer: The Final report will be provided by consultant.

7. By when are you looking to release the impact report?

Answer: To be determined with the selected consultant.

8. Regarding II. Scope, the "Other Airport-Related Economic Activities", item c., can you please provide details on the type of qualitative analysis desired for the medical airlift?

Answer: Landing fees (provided by Port and Avian Flight Center) Revenues generated by Airlift NW etc...

9. Regarding II. Scope, will there be any Port staff available to support issuing the various surveys required (e.g., estimated average spend per tenant, port contact database survey for general aviation tenants, and industrial park tenants)?

Answer: Port staff will be available to support with surveys, contract database, average spend by marina and airport tenants. Industrial Park revenues are not provided by Port.
